

VII Spanish Workshop on Geometric Optimization

June 23-27, 2014

Organizer: **José Miguel Díaz-Báñez, Universidad de Sevilla.**

Place: **Casa de la Cultura, El Rocío, Almonte, (Huelva).**

Institution: **Universidad de Sevilla, Sevilla, Spain.**

Goal:

The goal of the workshop is to provide a forum for the exchange and dissemination of open problems, techniques, and research in the field of geometric optimization. In this workshop, the open problems ask for **Geometric Algorithms and Combinatorial Problems.**

Participants:

- **Sergey Bereg**, University of Texas at Dallas – USA.
- **Kirk Boyer**, Denver University – USA.
- **Evaristo Caraballo**, Universidad de La Habana – Cuba.
- **J. Miguel Díaz-Báñez**, Universidad de Sevilla. – Spain.
- **David Flores Peñaloza**, Universidad Nac. Aut. de México – México.
- **Mario López**, Denver University – USA.
- **Edel Pérez**, Universidad de La Habana – Cuba.
- **Jorge Urrutia**, Universidad Nac. Aut. de México - México
- **Inmaculada Ventura**, Universidad de Sevilla – Spain
- **Petr Vojtechovsky**, Denver University – USA.
